North East CSR Forum

Guwahati | Collaborations for impacts

26th February, 2019
Hotel Vivanta (by Taj)
Guwahati

Dear Impact Leader,

Greetings from Team NGOBOX and CSRBOX!

Going by the CSR data analysis of previous four years, it is evident that states with high concentration of industries and businesses have been receiving substantial amount of CSR fund while entire region of North East has been at the lower rung of CSR priorities for businesses. Eight states of North East (including Sikkim) have received just **7.32%** of India's total CSR spend in previous 4 years.

The North Eastern region presents good opportunities for businesses to undertake development interventions, engage with government agencies and collaborate with like-minded institutions and organizations to design and test innovative social impact models.

Given the facts that the region has rich natural resource-base, relatively higher literacy rate and less population intensity, it becomes easy to engage with communities and co-create solutions that lead to sustainable impacts.

With collaborations for impacts at the crux, **CSRBOX** and **NGOBOX** is hosting the mega forum 'North East CSR Forum' in **Guwahati** on **26th February, 2019**.
