DMI, Patna

Prof. Aditi Thakur

Assistant Professor, DMI, Patna

* As of September, 2019

Standing out from the maze of management education institutions dotting the country's landscape, the Development Management Institute (DMI), Patna has carved out a place of pride for itself, as it marches on to achieving its core mandate of 'Empowering Grassroots'. The Institute's two-year Post Graduate Programme in Development Management (PGDM) offered at its Patna Campus is designed to develop leaders and managers who can challenge the status quo and co-create institutions for participatory governance and management of resources and enterprises for enhancing livelihoods and ushering in sustainable development.

Within a brief span of five years, DMI has made substantive programs in its curriculum design, pedagogy and experiential learning on the PGDM programme which is reflected in the commitment and competencies that DMI alumni are being recognized for.

Duly recognized by the All India Council for Technical Education (AICTE), DMI's PDM course provides an opportunity for the participants to empathize with, investigate and understand the challenges and complexities of development through a unique blend of interactive classroom sessions and experiential learning. Given this rigour of learning processes facilitated by a world class team of faculty from the academic and experiential streams, potential employers would find DMI PDM participants refreshingly ready for careers in development management across agriculture and agribusiness value chains; sustainable livelihoods; food and nutrition security; health and sanitation; basic education; governance and enterprise leadership and related areas.

Prof. Hemnath Rao H

Since its inception in year 2014 as a High Performing Knowledge Institution (HPKI), Development Management Institute (DMI) has been able to create an exquisite niche among the management institutions in the country. With increasing focus on sustainable development, demand for professionals who can imbibe and embrace the 'ethos of development' and use them for the organisations' competitive advantage, is multiplying. Post Graduate Programme in Development Management (PDM), the flagship programme of the institute, is aimed to inculcate similar ethos among its graduates.

PDM has a unique programme design and is anchored by a team of adroit faculty and working professionals from industries and development organisations. It provides participants with a robust understanding of concepts of development, its various tools and strategies, and its implications for society on the whole. The uniqueness of the course is its well-crafted Experiential Learning components in which participants spend more than 26 weeks, in actual field conditions to gain hands-on experiences of development realities under the able guidance of experts. Interactive Learning components includes courses on Marketing, Human Resource Management, Operations Management, Strategy, Finance and other related subjects, that are taught with development orientation. The course aims at grooming socially responsible, sensitive, committed and competent professionals for meeting future challenges.

I thank our recruiting organizations who have demonstrated continuous faith in us over the years. I take this opportunity to once again invite them and new organizations to be our recruiting partners. Please join us during our Placement – 2020.

Looking forward to welcome you!

Prof. Niraj Kumar

he word 'development' per se, particularly in the spatial context, suffers from a natural fallacy of normative and positive dichotomy. On the one hand, the consensus on there 'ought to be' development is not difficult to arrive, however, the consensus on 'how to do it', which has a 'management' connotation is difficult to arrive. The DMI offers a unique opportunity to resolve this fallacy by providing our participants to engage, explore and examine the world around.

The existing two year Post-graduate programme in Development Management (PDM) at DMI is relevant to the development trends and trajectories, flexible for integrating the body of knowledge in terms of breadth and depth, and compliant in terms of academically sound structure benchmarked to international standards, especially AICTE, with a pedagogy spread over 86 weeks of learning, which is further split into the 70:30 ratio of classroom learning segment to experiential learning respectively. The five Interactive Learning (IL) terms are meant to expose PDM participants to concepts and theories for developing their analytical, creative and design thinking skills, and thereby enhancing their knowledge and enquiry. The three Experiential Learning (EL) segments involve an exposure of the participants to contextual development realities, and offer them opportunities for first-hand experience in understanding of and working for sustainable development through Development Immersion, Enterprise Learning and Management Internship.

The PDM curriculum follows the critical processes of integral learning encompassing reflective dialoguing, trans-disciplinary approach involving comprehending complexity, and conscientisation resulting in critical thinking and analysis. The sequencing of the courses follows a balancing transformation of learning, from the "Knowing" of FFTs (Facts, Frameworks, and Theories), the core understanding of a profession or practice, to the "Doing": SCTs (Skills, Capabilities, and Techniques), the heart of the practice of management, and finally to the "Being": VABs (Values, Attitudes, and Beliefs), the form and identities of professional's world views, mainly focussing on the behaviours that exemplify integrity, honesty, and fairness, awareness of personal strengths and weaknesses, the preferred treatment of others, the purpose and goals of organizations.

Prof. Surva Bhushan

MI is a unique institution that offers a niche programme namely 'Post – Graduate Programme in Development Management (PDM)'. DMI through its unique andragogical processes has been able to create a cadre of Development Management professionals to take the mission of the Institute forward, since 2014. The participants of the programme are well-equipped with requisite knowledge, skills and attitude to serve as agents of change in the development process.

DMI has received continuous support and encouragement from its recruiting partners during the placements season of previous four batches. Previous four cycles of placements have seen organisations from different sectors participate in the Placements drive of the Institute. These organisations are highly appreciative of competencies that our participants have been able to demonstrate, in their respective work environments.

The placements season of the fifth batch of PDM programme has begun. The batch has forty-six energetic participants with dedication and grit to serve in the development sector. We invite Development Organisations to participate in this year's Placements season. We, at DMI, follow a transparent placement process that safeguard the interests of participants and organisations, alike. We assure you of all possible assistance to ensure complete alignment of competencies that our participants possess and expectations that our recruiting partners have.

We look forward to your enthusiastic participation during Placements 2020. We look forward to welcoming you at DMI!

Prof. Aditi Thakur

DMI Campus Placement 2020

Forty six participants of the fourth batch of the two-year Post-Graduate Programme in Development Management (PDM 2018-20) would be graduating from DMI on April 18, 2020 and entering the professional world as development managers. DMI warmly invites Organisations with development orientation to participate in the campus placement process 2020 which will present to them forty six (46) motivated and committed Development Management professionals.

The PDM programme is designed as a significant activity of DMI to realise its mission i.e. 'To empower and usher in participatory governance and management of institutions, enterprises and resources for enhancing livelihoods and generating sustainable development'. DMI strongly believes in the process of Integral Learning, Professionalisation, Trans disciplinary Research and Conscientisation and is constantly focussing on its four core values viz. Excellence, Innovation, Integrity and Participation.

The two year programme transforms the PDM participants into strong and committed Development Management professionals who can take up any challenging role in their managerial careers. We believe that you would find suitable candidate(s) meeting the requirements of your organisation in diverse fields.

Placement 2020 Timeline

- Mail Job Announcement Form to DMI by December 01, 2019.
- Slots for Campus Placements:

Placement Week: 13th to 16th January, 2020

Origin and Mission

Development Management Institute (DMI) was set up on February 13, 2014 pursuant to a desire of the Government of Bihar to establish a High Performing Knowledge Institution (HPKI). DMI believes that the livelihoods of small producers and marginalised people can be enhanced by organising them to form member participation based, democratically governed institutions that leverage the strengths of collectives and build enduring partnerships with professionals for reaping the benefits of technology and market integration. Inspired by and recognising the growing need for Development Management Professionals, the Government of Bihar took the initiative to establish DMI as an autonomous institution. The rationale of DMI is best captured in its mission:

To empower and usher in participatory governance and management of institutions, enterprises and resources for enhancing livelihoods and generating sustainable development".

Education: A Holistic Learning

There is an urgent need for striking an optimal balance between societal and individual orientation through a synergetic alliance among the multiple stakeholders. DMI aims at meeting this dire need by developing managerial and leadership competencies through the processes of integral learning, professionalisation, trans-disciplinary research, and conscientisation, as explained below:

Integral learning aims to leverage various forms of knowledge such as conceptual knowledge, experience knowledge, factual and procedural knowledge, and propositional knowledge to evolve a coherent world views and embraces the 4D cycle consisting of Dream, Discovery, Design, and Doing phases of Appreciative Inquiry. This encompasses both tacit and explicit knowledge

Trans-disciplinary research connotes a strategy that transcends many disciplinary boundaries to create a holistic approach. It applies to efforts focussed on problems that tr anscend the boundaries of two or more disciplines and helps comprehend the evergrowing complexities of an inter-dependent world. This also involves self-transcendence and ever widening inclusive perspectives.

Professionalisation is the social process by which any trade or occupation transforms itself into a true 'profession of the highest integrity and competence'. Professionalisation demands inculcating academic qualifications; expert and specialised knowledge in the field; excellent practical and literary skills; high quality work output; high standard of professional ethics; efficient work habits, and motivation to working independently.

Conscientisation means an awakening of consciousness - a change in a person involving critical awareness of his or her own identity and situation in nature and in society; the capacity to analyse causes and consequences; and to act logically and reflectively so as to transform reality. Praxis, or cycles of reflection-action, as Freire calls, are essential to this process leading to spiral learning.

Programmes and Activities

Competencies Enhancement Programmes (CEPs)

Competencies Enhancement Programmes (CEPs) constitute another important activity of the Institute for realisation of its mission and vision, and are of two categories.

The first category of programmes are organisation-specific/ client-specific, and are designed and delivered as per the special requirements of individual organisations for their promoters, members, employees, and others identified by the organisations.

The second category of programmes are designed by the faculty of DMI, based on their interests and initiative to meet the needs of organisations associated with DMI. Such open programmes are communicated in advance to help the organisations sponsor the people to participate in them.

The CEPs range in duration from a few days to a few weeks, depending upon their scope, and may be conducted in-house at DMI or at a venue chosen by its client organisation. The learning and experiences gained during the CEPs and are ploughed back in classrooms by the faculty members.

Collaborative Action Research and Education (CARE) Centres

DMI is establishing three Collaborative Action Research and Education (CARE) Centres to serve as hubs for innovation and incubation. The broad activities of the centres revolve around:

- Knowledge management including co-creation, and establishing eco-system for propagation of best practices;
- Life-Cycle management guidance and support for institutions, programmes, and projects;
- Multi-stakeholder Interactive Learning; Collaborative Action Research; and Evidence-based Policy Advocacy; and
- Certificate courses in collaboration with leading academic/ research institutions.

Well-being and

The activities of this centre will revolve broadly around themes like participatory governance and management of natural resources; primary health care, child nutrition and protection; drinking water and sanitation; access to education; skills for wage and selfemployment; access to financial and information services; and enhancing productivity of farm and non-farm activities.

Livelihoods

CARE Centres

Collectives and Commons

The centre envisages conducting value chain scoping studies for collective enterprises at multiple levels for significantly enhancing the livelihoods of the poor and marginalised. The broad themes proposed to be pursued at this centre are: Participatory governance and management of collective enterprises; promotion of structures for significant value addition and market Integration to ensure sustainability.

Leadership and Governance

The Centre for Leadership enhancing the effectiveness and efficiency of governance systems and structures; Increasing citizen participation and collaboration: Reducing information asymmetry; and transparent and accountable implementation. The centre plans to impart leadership and governance competencies for firmly establishing participatory governance and management practices at multiple levels.

Academic Events

DMI organises several workshops, symposia, seminars, and similar events, on a regular basis, around variety of topics and issues relevant to its mission. The academic events are attended by leading academics, practising Development Management professionals, and thought leaders in the arena of Development Management.

Action Research projects and Publications

DMI is engaged in several Action Research projects, supported by its consulting activities that it provides to its client organisations. Apart from helping the clients in solving their critical managerial and organisational issues, the consulting activities provide an opportunity to DMI faculty in appreciating nuances of issues in management discipline while documenting cases, research articles, and other publications based on them. These cases and research articles are use as reading material in PDM and CEPs.

Post-Graduate Programme in Development Management

The pioneering activity of DMI is its two-year full-time Post-graduate Programme in Development Management (PDM) approved by AICTE. It aims at preparing its graduates to achieve:

- Personal growth by widening perspectives through interactive learning from perspective-building, foundational, functional, and integrative courses, and enriched by learning by doing and reflective dialoguing process; and
- Transformation into Development Management Professionals by exposure to contextual realities during immersion, enterprise learning, and apprenticeship modules, mediated by experiential learning from first-hand living and working in situ.

The PDM curriculum primarily focuses on imparting competencies necessary for participatory governance and management of resources, enterprises, institutions, and interventions. The curriculum is a fine mix of mutually reinforcing classroom learning and hands-on experiential through a network of diverse institutional partners of DMI. DMI focuses on praxis-oriented interactive learning through a faculty team of career academics, practising professionals, and practitioner-turned academics endowed with domain expertise and experience.

PDM Programme Design

The programme design consists of mutually reinforcing Interactive and Experiential Learning components interspersed at regular intervals as presented in the following figure:

Interactive Learning Sessions (ILS)

Interactive Learning consists of Foundational, Functional, and Integrative courses in management practices like Human Resource Management, Marketing, Finance and Operations Management along with courses in social, development and decision sciences. The course-work & experiential learning comprising a total of 42 credits is spread across five terms to introduce concepts and theories and build analytical skills and knowledge for application in real-life situations. The curriculum is constantly reviewed to keep it relevant to the current and future requirements.

In addition, Communication and Logical Thinking Skills are imparted through non-credit courses during the first three Interactive Learning Terms.

Interactive Learning	Credits	Experiential Learning	Credits
Term I	6	Development Immersion	3
Term II	6	Enterprise	4
Term III	6	Learning	
Term IV	6	Management	5
Term V	6	Internship	
Total	30	Total	12

Development

Management Internship (MI)

12 weeks

Total Credits for the Programme - 42

Experiential Learning Segments (ELS)

Experiential Learning is designed following David Kolb's learning styles, such as abstract conceptualisation, active experimentation, concrete experience, and reflective observation. Such an exposure has been incorporated for the students to develop the required skills and attitudes. DMI Faculty and students closely interact at all the stages of the Experiential Learning Components.

Experiential Learning consists of three components: Development Immersion (DI), Enterprise Learning (EL), and Management Internship (MI).

- DI involves first-hand experience of understanding and working within diverse development context;
- EL focuses on learning about functional aspects of governance and management of enterprises, resources, and institutions; and
- MI engages students to work on projects pertaining to livelihoods promotion and/or project work in community/ cooperative/ social collective enterprises or government/ civil society organisations including Corporate Social Responsibility (CSR).

The Experiential Learning segments account for 12 credit of work out of a total of 42 credits for the programme.

Our participants of PDM (2018 - 20) batch were hosted by following organisations for DI / EL / MI.

Host Organisations for Experiential Learning: (Logos will be in the Alphabetical Order and JEEViKA will be only one)

Host Organisations for Experiential Learning:

List of Courses of PDM

Core Courses						
Term 1 (6.0 Credit)	Quantitative Methods for Development Management					
	Financial Accounting					
	Development Managerial Economics					
	Community and Organisational Behaviour-I					
rm 1	Managerial Communication					
Te	Principles of Management					
	Sustainable Livelihoods System					
	Social Research Methods-I					
	Financial Management					
	Social Research Methods-II					
	Principles of Marketing					
Term 2 (6.0 Credit)	Community and Organisational Behaviour-II					
0 Cr	Production and Operations Management-I					
2 (6.	Macro-Economic Environment					
m.	Development Theories and Practices					
_₩	Social Mobilisation and Collective Action					

	Core Courses					
Term 3 (6.0 Credit)	Human Resource Management					
	Managing Cooperatives and Producer Organisations					
	Marketing Management					
	Managing Commons					
	Management Information System					
	Cost Systems and Management					
	Production and Operations Management-II					
	Local Governance Systems-II					
	Legal and Regulatory Environment					
	Appropriate Technologies for Development					

Gender and Development

Local Governance Systems-I

Core Courses				
Term 4 (6.0 Credit)	Sector Wide Analysis for Development (SWAD)			
	Strategic Management			
	Marketing Research and Analytics			
	Big Data and Business Intelligence			
	Rural Marketing			
	Development Administration			
	Project Management			
	Food and Agri-Business Management			
it)	Social Marketing			
Cred	Public Systems and Policy			
Term 5 (6.0 Credit)	Innovation and Social Entrepreneurship			
	Disaster Risk Reduction and Management			
	Ethics and Values			

Elective Courses

Community Based Micro Finance

Talent Management for Development Sector

Development Advocacy and Communication

E-Business and Commerce

Commodity Markets and Derivatives

Monitoring and Evaluation of Development

Mobilising Financial Resources for Development

Development Perspectives and Interventions (DPI)

Rurbanisation

Natural Resources Management

ICT for Development

Impact Evaluation

Basic Education/Health System for Development

Critical and Design Thinking

Corporate Social Responsibility

Climate Resilient Development

Sustainable Cities

Strategic Frameworks for Inclusive and Distributive Development

Appropriate Technologies for Development

Gandhian Philosophy

Recruiting Partners

Batch Profile PDM 2018-20

Academic Background of Participants (PDM 2018-20)

Akhil Bhardwaj B.Tech (EEE)

Date of Birth 01-March-1993

Languages known
English and Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: People's Education and Development Organisation (PEDO), Rajasthan

Project: Socio-Economic Study Of A Village Belonging To Bhil Tribe Under Gramdan Act

Theme Paper / Case: SHGs- More than an institution

Comparative study of vegetable cultivation and goat rearing as livelihood opportunity in the project area of PEDO

Enterprise Learning (EL)

Organisation: Reliance Foundation, Madhya Pradesh

Project: 1.Value Chain Analysis Of Oranges In Agar Malwa, Madhya Pradesh 2. Functional Study Of Avantika ANK Producers' Company, Agar Malwa

Theme Paper / Case: Transformation Story of Karwakhedi Village

Management Internship (MI)

Organisation: TechnoServe India

Project: Scoping study and value chain analysisof maize in Bahraich district of Uttar Pradesh

Area of Interest:

Agri-business, Livelihoods, Microfinance, and Agri-value chain

Alok Raj

Date of Birth 02-Feb-1996

Languages known English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: PRADAN, M.P.

Project: A Study On Socio-Economic Village Profile Of Chataniha Village

Theme Paper / Case: Water Issues In Chataniha

Enterprise Learning (EL)

Organisation: Tasar Development Foundation, Jharkhand

Project: An Enterprise Study Of Tasar Sericulture At Dumka

Theme Paper / Case: A Case Study On Impact Of Tasar Rearing Highlighting The Case Of Ram Soren.

Management Internship (MI)

Organisation: Quest Alliance

Project: Studying Qualitative Impact of Anandshala

Area of Interest:

Agribusiness, NTFP, Livelihood, Microfinance

Amit Kumar Singh B.Tech (IT)

Date of Birth 12-Jul-1988

Languages known English, Hindi and Tamil

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: TERI, Bihar

Project: Extending Clean Energy Solutions To 25000 Households Across Four Districts Of Bihar, TERI (The Energy And Resources Institute), Purnea

Theme Paper / Case: Education Status In Ladawahi Village, Banmankhi Block Of Purnea

Enterprise Learning (EL)

Organisation: EARC Enterprise supported by JSLPS, Jharkhand

Project: Analysis Of Income Pattern Of Goat Farmers In Angara Block

Theme Paper / Case: Small Initiative Increases The Income- Landless

Farmer's Income By Goat Rearing

Management Internship (MI)

Organisation: Self-Reliant Initiatives through Joint Action (SRIJAN)

Project: Community Mobilization, Procurement, Processing and Market Linkage of Custard Apple in Beed District, Maharashtra

Area of Interest:

CSR, Livelihood, Agri-business and Dairy

BCA

Date of Birth 25-0ct-1997

Languages known English, Hindi

Development Immersion (DI)

Organisation: Bihar Rural Livelihoods Promotion Society (JEEViKA), Bihar **Project:** A Study Of Jute Intervention By JEEViKA In Baisi Block Of Purnea

District (Bihar)

Theme Paper / Case: Forward Linkage Of Small Jute Producers In Three

Villages Of Baisi

Enterprise Learning (EL)

Organisation: SRIJAN, Rajasthan

Project: A Study Of All Business Practices Prevailing In The Goat

Dairy(Maitree)

Theme Paper / Case: A Case Study On One Of The Female Bod Members Of

Dairy

Management Internship (MI)

Organisation: Techno Serve India

Project: Scoping study and value chain analysis of maize in Bahraich district

of Uttar Pradesh

Area of Interest:

Livelihood, Education, Environment, Urban Development, CSR

Anand Mohan BBM

Date of Birth 12-Dec-1996

Languages known English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: PRADAN, MADHYA PARDESH

Project: A Study Of Socio-Economic Village Profile Of Chattania Village

Theme Paper / Case: Education Of The Village

Enterprise Learning (EL)

Organisation: Bihar Rural Livelihoods Promotion Society (JEEViKA), Bihar

Project: A Study On Goat Rearing (Producer Group And Pashu Sakhi)

Theme Paper / Case: Income Enhancement Of Pashu Sakhi

Management Internship (MI)

Organisation: Self-Reliant Initiatives through Joint Action (SRIJAN)

Project: Community Mobilization, Procurement, Processing and Market Linkage of Custard Apple in Nandurbar District, Maharashtra

Area of Interest:

Dairy, Agri-business, Local Governance, CSR, Education, Environment, Microfinance

Ankita Roy BBA

Date of Birth 15-0ct-1991

Languages known

English, Hindi, Bengali and Assamese

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: Action-Aid and G-NESP, West Bengal

Project: A Study Of Impact Of Livelihoods Generated By G-NESP With The Help Of Action-Aid In Closed And Sick Tea Gardens Of North Bengal

Theme Paper / Case: Human-trafficking, especially of Children And Young Girls Of Tea Gardens of North Bengal to Big Cities Of India And Abroad.

Enterprise Learning (EL)

Organisation: Bihar Rural Livelihoods Promotion Society (JEEViKA), Bihar

Project: A Study of Rural Retail Shops (RRS) in Ara and Patna districts of

Theme Paper / Case: Challenges Involved In Establishing RRS In Rural Areas Of Bihar

Management Internship (MI)

Organisation: Quest Alliance

Project: Assessment of Qualitative Impact of the program Anandshala and facilitating communication department

Area of Interest:

Renewable Energy Sector, Education, Financial Inclusion, Health

Anshu Kumar BBA

Date of Birth 12-Oct-1996

Languages known
English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: UPSRLM, Uttar Pradesh

Project: Understanding The Socio- Economic Condition Of Naraini Village

Theme Paper / Case: Old Age Issue Enterprise Learning (EL)

Organisation: GramShree, Rajasthan

Project: Understanding The Function Of Department And Value Chain Of

Custard Apple Pulp

Theme Paper / Case: Feasibility Study On Value Chain Of Jatropha Seed In

Udaipur

Management Internship (MI)

Organisation: JEEViKA

Project: To understand the implementation process of Satat Jeevikoparjan

Yojana(SJY) in 5 blocks of Muzaffarpur district, Bihar.

Area of Interest:

Microfinance, Local governance, Dairy, Livelihood, CSR, Agri-business

Aruna Kumari Mishra

Date of Birth 12- Jul-1995

Languages known
English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: Bihar Rural Livelihoods Promotion Society (JEEViKA), Bihar

Project: Jute Intervention

Theme Paper / Case: Existence And Future Scope of Jute Intervention

Enterprise Learning (EL)

Organisation: SRIJAN, Rajasthan

Project: Enterprise Learning of Maitree Dairy

Theme Paper / Case: Case Study On One of The Bods of Maitree Dairy

Management Internship (MI)

Organisation: JEEViKA

Project: Impact Evaluation of establishment of CSP (Bank Sakhi project) on financial awareness / behaviour of SHG members and CBOs.

Area of Interest:

Agri-business, Health and Nutrition, Gender, CSR

Anurag Prasad B.Tech (CS)

Date of Birth 25-Oct-1994

Languages known

English, Hindi, Assamese, Bengali

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: TERI, Bihar

Project: Extending Clean Energy Solutions To 25000 Households Across Four

Districts Of Bihar

Theme Paper / Case: Unchanged Scenario Of Water, Sanitation And Hygiene

(WASH) Of Ladawahi Village

Enterprise Learning (EL)

Organisation: NSPDT, Madhya Pradesh

Project: Study Of Different Functional Areas Of Kesla Poultry Society

Theme Paper / Case: Poultry As An Agent Of Change In The Lives Of Tribal

Women In Kesla

Management Internship (MI)

Organisation: JEEViKA

Project: To understand the implementation process of Satat Jeevikoparjan

Yojana(SJY) in 5 blocks of Muzaffarpur district, Bihar.

Area of Interest:

Dairy, Agri-business, Local Governance, CSR, Education, Environment, Microfinance

Ashish Raj

Date of Birth 06-Aug-1989

Languages known
English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: AKRSPI, Bihar

Project: Feasibility Of Micro-Enterprise In Pusa Block, Samastipur

Theme Paper / Case: Availability Of Clean Drinking Water In Mohammadpur Quarie Village, Samastipur

Enterprise Learning (EL)

Organisation: Bihar Rural Livelihoods Promotion Society (JEEViKA), Bihar

Project: Study Of Pashusakhi Model In Forbesganj Block

Theme Paper / Case: Sustainability Of Goat Bikrey Kendra In Forbesganj Block, Araria

Management Internship (MI)

Organisation: COMFED

Project: Study the competitors strategy vis-a-vis SUDHA milk marketing in patna and surrounding markets.

Area of Interest:

Dairy, Livelihoods, CSR, Education, Environment

Atul Kashyap B.Tech (Mechanical)

Date of Birth 27-Dec-1991

Languages known English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: Tata Steel Rural Development Society, Odisha

Project: A Study Of Socio And Economic Condition Of Kusumundia Village,

Theme Paper / Case: Education **Enterprise Learning (EL)**

Organisation: Tasar Development Foundation, Jharkhand

Project: A Study On Basic Rearing And Commercial Seed Production Theme Paper / Case: A Case Study On Participatory Governance

Management Internship (MI)

Organisation: ADPC

Project: Disaster Risk Reduction activities in MSMEs in Bihar

Area of Interest:

Agriculture, Natural Resource Management, Microfinance, Environment

B.Tech (CSE)

Date of Birth 10-Jan-1996

Languages known English, Hindi, Bengali

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: Reliance Foundation, Jharkhand

Project: A Study of Socio-Economic Village Profile of Jariadih and Joramo

Theme Paper / Case: Water Issues in Jariadih Village

Enterprise Learning (EL)

Organisation: BANAS Dairy, Rajasthan

Project: Cooperative Society. A Study of Managerial And Production Segment

In BANAS Dairy.

Theme Paper / Case: Role of BANAS Dairy In Improving Socio- Economic

Status of Lalavada Village

Management Internship (MI)

Organisation: Aditya Birla Foundation

Project: Assessment and Evaluation of Sustainable Agriculture Project

Area of Interest:

Livestock, Livelihood, CSR, NTFP, Agribusiness

Chandan Abhishek **BBA**

Date of Birth 22-May-1996

Languages known English, Hindi

Experiential Learning Components (Internships)

Development Immersion (DI)

Organisation: Kshamta Foundation, Odisha

Project: A Study of Socio-Economic Village Profile of Malidih Village, Odisha

Theme Paper / Case: Conditions of Health & Health Facility of Maladih

Enterprise Learning (EL)

Organisation: Kesla Poultry Society, Madhya Pradesh

Project: Study of Different Functional Areas of Kesla Poultry Society

Theme Paper / Case: Agent of Change In The Lives of Tribal Woman In Kesla

Management Internship (MI)

Organisation: AKRSP(I)

Project: Assessment of intervention of AKRSP(I) on Livelihood, Health and Education among communities in Darbhanga

Area of Interest:

Livelihood, CSR, Education, Environment, Dairy

Divya Prakash **BCA**

Date of Birth 07-Nov-1996

Languages known English, Hindi

students to connect with others.

DMI has fully equipped and airconditional spaces for Meeting Minds and Idea Exchange Centre with adequate seating capacity. Equipped with the latest ICTenabled devices, the centres are designed to host a plethora of events including cultural programmes, guest lectures, and seminars

Information Hub

With a dedicated Information Hub available to student, DMI provides a strong platform for them to excel in technology-driven learning. Students are encouraged to learn the latest in statistical analysis and other management-oriented application software packages with their laptop computers in the classroom. The campus is equipped with high speed internet connectivity, backed by LAN and Wi-Fi and multiple services.

Hostel

The PDM programme is fully residential and the participants are required to stay in the hostel. The Institute provides the best possible amenities to make participants' in the hostel comfortable, enjoyable and meaningful. Our aim is to provide a warm homely atmosphere with a relaxed lifestyle, which encourages free and original thinking; thus contributing significantly to excellent academic performance.

The hostel has recreational facilities, r o u n d - t h e - c l o c k security and electronic surveillance helping in promoting quality lifestyle. The ultramodern facilities are among the best of all.

Faculty Profiles

Prof. (Dr) Hemnath Rao Hanumankar

Prof. Hemnath Rao Hanumankar is currently a Senior Professor and Director at the Development Management Institute (DMI), Patna, India. Before joining the DMI in 2016, he was the Dean of Management and also the founder Director of the Centre for Poverty Studies and Rural Development at the Administrative Staff College of India. His applied research and consulting work spans wide ranging subjects including food and water security, sustainable rural livelihoods, agriculture extension, agripreneurial value chains and social enterprise development with focus on convergence of best management practices across business organisations and not for profit development institutions. He has designed and delivered capacity building programmes in strategic management for senior and top management of large private and public sector enterprises and for senior civil servants of Government of India. He has also been actively consulting with the Commonwealth Secretariat, UNDP, The World Bank, EU-CDE, SPARK and other international organisations across continental Africa and the South Pacific Region, and serves on various policy making committees of the Government of India and States.

Prof. (Dr) Niraj Kumar

Prof. Niraj Kumar is an academician with an excellent academic background and more than 20 years of experience in teaching, research, training and advisory service. A graduate (Agriculture) and Post Graduate (Agri. Communication and Extension) from G. B. Pant University of Agriculture and Technology, Pantnagar, he has been faculty of Indian Institute of Forest Management (IIFM), Bhopal. Before joining Development Management Institute (DMI), Patna, he served Xavier Institute of Management, Bhuabneswar (XIMB) as a faculty of Rural Management. He had done Ph.D. from Indian Veterinary Research Institute (IVRI), Izatnagar. His papers have been published in journals of international repute. His areas of interests are Inclusive Value Chain, Agribusiness, and Corporate Social Responsibility.

Prof. (Dr) S. Rajeshwaran

Prof. (Dr) S Rajeshwaran is a veterinarian and rural management professional with a doctorate in Public Policy from the Indian Institute of Management, Bangalore. He brings with him 35 years of work experience across the entire vertical of dairy value chain in the country.

He successfully headed dairy cooperatives in North and South India as CEO. He has also provided hands-on training to more than 5 lakh women across the country in management of dairy animal as micro-enterprise. He has carried out developmental business projects on dairying and allied micro-enterprises. His last assignment is developing a comprehensive state livestock policy for the Government of Uttarakhand, laying out a 10-year road map for the state. He adopts a practical, innovative and integrated approach to sustainable farming & livelihoods.

He now teaches and carries out action research in policy making and strategy formulation, productivity enhancement, implementation and monitoring using latest tools in wireless networks, Blockchain technology, IPv6, IoT, AI, and ML, areas which have high leverage on outcome. His interest lies in enabling and empowering those at the grass roots whose objective function is to minimise risk rather than maximise profit or accumulation of capital and to use these technologies at near zero cost.

Prof. (Dr) Surya Bhushan

Dr. Surya Bhushan had done both MPhil and PhD in Economics from Centre for Economic Studies and Planning (CESP), Jawaharlal Nehru University (JNU), New Delhi. He brings with him nearly eleven years of experience in industry, before moving to DMI. He had worked in the marketing analytics domain across different industry verticals for the Fortune 500 clients at Accenture Analytics for more than 9 years. Prior to this, he had been associated with the Centre for Monitoring Indian Economy Pvt. Ltd. (CMIE) for more than a year, where he had liaised with policy makers at the Ministry of Finance, Planning Commission, and the editorial team of Indian Express in Delhi.

In DMI, he has been involved with writing report, for example, Low Uptake of MGNREGA in Bihar, Effect of Prohibition on Violence against Women, Business Models for Backyard Poultry, Mushroom Farming Cultivations as sustainable agricultural systems, End-term evaluation of Integrated Development of Three Villages in Bihar of AKRSP, and others.

He has also published in several leading refereed journals in India and book chapters in international publications, including a paper entitled, "TFP Growth of Paddy and Wheat in the Post-Green Revolution in India: a Parametric and Non-parametric Analysis", has been awarded R T Doshi memorial prize by Agricultural Economics Research Association (AERA), India.

His current area of interest includes, Livelihoods and Well-Beings, Inclusive Business Models, Productivity Growth and Technical Efficiency Estimation in the agriculture sector.

Prof. (Dr) Sridhar Telidevara

Prof. Sridhar Telidevara has varied research interests and has published articles in journals like Poverty and Public Policy, Macroeconomics and Finance in Emerging Market Economies, International Journal of Sociology and Social Policy. He did his doctoral studies from SUNY Buffalo, USA. His academic research encompasses wide ranging topics from economics of crime, nutrition and public distribution system, money demand, microfinance, dairy cooperatives to Customer Satisfaction and Loyalty, and Asymmetries in Price Recalls in the field of Consumer Behavior. The nature of research involved both theoretical math and empirical modeling including calibration of empirical data to theoretical models. The teaching experience, is also varied and he has been teaching management graduates for the last nine years on core, functional, and integrative courses. At DMI he is associated with Sustainable Livelihoods Collaborative Action Research and Education Center.

Prof. (Dr) Shankar Purbey

Prof. Shankar Purbey, holds PhD in Industrial Engineering & Management from IIT Dhanbad. Prior to joining DMI, he was associated with IIM Shillong for more than ten years. He has more than 15 years of industry, teaching and research experience. He was awarded the National Doctoral Fellowship by AICTE while pursuing his PhD. He has international publications to his credit and has presented papers in various National and International conferences. He was also extensively involved in consultancies assignment including executive training programs for both government and non-governmental organization. He has coordinated more than fifteen executive training programs and three certificate courses. Certificate courses include course on Tourism & Hospitality Management and Quality Assurance in Healthcare delivery. In the area of Project Management alone he has conducted more than ten executive training programs for clients like Oil India, AEDC Ltd., NERCORMP, MCS officers, Ministry of DoNER, Indian Oil, Ministry of Heavy Industry -CPSEs and SLPEs, and Animal Husbandry & Veterinary department Meghalaya.

Prof. (Dr) Debashish Kundu

Prof. Debashish Kundu is a Graduate from Govind Ballabh Pant University of Agriculture and Technology, Pantnagar and Post Graduate from the Institute of Rural Management Anand (IRMA). Thereafter he served for several years in the Banking and Finance Industry in various reputed corporate bodies like Gruh Finance Limited (Now Bandhan Bank), ICICI Bank, HDFC Bank, Deutsche Post Bank Home Finance Limited and so on. His work area is related to Credit Risk Assessment and Underwriting, Portfolio Analysis, Portfolio Risk Estimation and Provisioning and Audit Risk Management. His last assignment was with Muthoot Housing Finance Limited as Head of Central Operations.

He completed his PhD. from Aligarh Muslim University. While Pursuing the Doctoral Programme, he had served as faculty with Development Management Institute, Patna for one year. His interest area lies in Banking, Financial Inclusion, Microfinance, Pension funds and Insurance.

Prof. (Dr) Gaurav Mishra

Prof. Gaurav Mishra earned Ph.D. from the University of Reading in International and Rural Development, United Kingdom. Before joining DMI, he was associated with Institute of Management, Nirma University, Ahmedabad and Dhirubhai Ambani Institute of Information and Communication Technology (DA-IICT), Gandhinagar, as Assistant Professor. Prof. Gaurav Mishra has worked with International Crops Research Institute for the Semi-Arid Tropics (ICRISAT), Hyderabad and in other ICT for development projects aimed at enhancing rural lively hoods by providing relevant information through innovative technologies. His field roles during research have been multi-dimensional which included being a facilitator, trainer, extension worker, ethnographer, advisor, and manager.

Prof. Aditi Thakur

Prof. Aditi is an engineer-turned management professional with a passion for making a difference in the lives of people. She has worked in the Energy division with one of the largest business houses in India, and in Talent Management division of a leading IT product company before joining DMI. Her areas of research interest include performance management, team building, coaching/mentoring. She is deeply interested in issues concerning children and works in the area of child rights. She is engaged in conducting action research projects and well as capacity building programmes for different functionaries who work with children.

Prof. Amrita Dhiman

Prof. Amrita Dhiman hold a Bachelor degree in Agriculture from G. B. Pant University of Agriculture & Technology, Pantnagar and PGDM with specialization in Agri Business Management from VAMNICOM, Pune. She has extensive field exposure and experience of working with corporates and government institutions including public administration. She established herself as a Research Analyst for agri commodities while working with Karvy Comtrade Ltd. at Hyderabad. She was involved in strategic planning, implementation, communication and knowledge management activities with Mahindra & Mahindra Limited at Mumbai. As Prime Minister's Rural Development Fellow (PMRDF) she has worked on various schemes like MGNREGA, IAY, SBM, PMAGY, NSAP etc. She has contributed richly to capacity building of elected representatives, agriculture and rural development officers at various levels and to documenting the initiatives taken up for improved governance and outreach. Her current interests broadly include Agri-Business Management, Local Governance and Policy domains.

Prof. (Dr) Geetika Varshneya

Prof. Geetika Varshneva an alumnus of Indian Institute of Management (IIM), Rohtak has an extensive research, teaching, and industrial exposure. Prior to joining the Fellow Programme in Management in the Marketing area at IIM Rohtak, she worked with corporates for more than four years. She obtained her Master's degree in Fashion and Apparel from NIFT Bangalore. She holds a B. Tech degree in Textile Technology. She has contributed to several reputed National and International conferences organized by prominent international associations like INFORMS. Her research papers have appeared in several leading International journals such as Journal of Retailing and Consumer Services, Journal of Strategic Marketing, Marketing Intelligence & Planning and Journal of Fashion Marketing and Management. She has also contributed to several case studies; some of the cases written by her have been published in the Emerald Emerging Markets Case Studies and IIM Ahmedabad Case Centre. Her research interests broadly include farm/non-farm livelihoods and market-oriented value enhancement.

How to Reach DMI

Patna is an ancient city that sprawls along the south bank of the Ganges River in Bihar, northeast India. The state capital, its home to Bihar Museum, a contemporary landmark exhibiting bronze sculptures and old coins from the region. Nearby, Indo-Saracenic—style Patna Museum displays a casket believed to contain the Buddha's ashes. Close to the river, the Golghar is a domed colonial granary overlooking the city.

Southwest of peaceful Buddha Smriti Park, Mahavir Mandir is a centuries-old temple dedicated to god Hanuman. The Indira Gandhi Planetarium screens films about astronomy, and Srikrishna Science Centre's interactive exhibits explore the oceans and dinosaurs. Close by, the Gandhi Museum displays photos and statues of the Indian independence leader. The Khuda Bakhsh Oriental Library preserves thousands of manuscripts. Sikhs worship at the white-domed Takht Sri Harmandir Sahib Ji. To the west, Sanjay Gandhi Biological Park is a botanical garden and zoo.
